## Sensory Forest™

Solid Hardwood

### A True Delight For Your Senses

Each Sensory Forest plank features our signature cross-sanded texture, achieved through meticulous sanding against the grain. The result creates a textured look, but the surface feel is a refined finish, reminiscent of sueded leather. It's a surface that begs to be walked on barefoot.

Crafted from American Oak, this collection invites you into a realm of natural elegance and timeless charm and celebrates the inherent beauty of wood with every step.

- Popular 4" width in a range of colors
- Low gloss adds a natural feel to the wood, enhancing its authenticity while providing protection against everyday scratches and stains, ensuring long-lasting beauty
- High character variation between planks – no two planks are alike
- Made in the USA, supporting local craftsmanship and sustainability efforts
